QUESTION 1: COMPREHENSION
Read the text below and answer the questions that follow.

Friendship

Lily and Max were inseparable. They would spend hours running around the park and imagining all sorts of adventures.

One Sunday, as they were lying on the grass and watching the clouds go by, Max suddenly turned to Lily and said, "You know what I wish for more than anything in the world? I wish I had magical powers!"

Lily was surprised by Max's wish, but she knew how much he loved to imagine things, so she decided to play along. "What kind of magical powers do you want?" she asked.

"I want to be able to fly like a bird and shoot sparks from my fingers!" Max exclaimed.

Lily smiled and said, "Well, I don't know about sparks and flying, but I do know one thing that's even more magical than that."

"What's that?" Max asked. "Friendship," Lily replied. "Having a friend like you is the most magical thing in the world. With friendship, we can go on all sorts of adventures and make all our wishes come true. So, let's make a wish together, that our friendship will last forever!"

And with that, Lily and Max closed their eyes and made a wish. They didn't need magical powers, because they had something even better – each other.

Tips to consider when making a wish.

Before making a wish, it's important to consider a few things to increase the chances of it coming true. Here are six tips to keep in mind:

1. Clearly define what you want and visualise it in your mind.

2. Have faith that your wish will come true, and let go of any doubts or negative thoughts.

3. Choose the right moment to make your wish, such as when you feel positive and optimistic.

4. Phrase your wish in positive terms, rather than negative. For example, "I want to be healthy" rather than "I don't want to be sick".

5. Be thankful for what you already have, as this can attract more positive energy into your life.
