QUESTION 8 Read the paragraph and answer the questions. (8)

Masks have been used in visual arts for thousands of years, originating in ancient cultures such as Egypt, Greece, and various African and Asian societies. Traditionally, masks were created for rituals, ceremonies, and religious purposes, often representing spirits, gods, or ancestors. In many cultures, such as in Africa or Japan, masks are still used in traditional dances and festivals. On stage, masks have played a key role in theater, especially in ancient Greek drama and Italian commedia dramas, where they helped actors portray different characters. In modern times, artists use masks in performances. Today, masks continue to be powerful tools in both cultural and artistic expression around the world.

8.1 Name two countries where masks were used thousands of years ago. (2)

8.2 Masks were originally created for? Name two. (2)

8.3 Complete the following sentences:
